Where learning, fun and friendship meet

5 January 2021

Dear Parent/Carer

Happy New Year

Happy New Year to all our families, what an interesting start we have had. We hope you are all well. Despite the lockdown, we are still here to support you and your children.

Staff will use twitter and our school website to keep parents updated. Children will be engaging with remote learning through our Learning Platform - Seesaw.

Teachers will be posting learning each day which will replicate a typical school day. This will mirror what would have been happening in school at this time of year and will follow the National Curriculum.

The learning each day will be set by your child's teaching team and your child will receive feedback throughout the day. This will enable all our children to access quality teaching and learning, have daily communication with staff and ensure continued progress and achievement.

As before, parents can contact teachers directly through our phase emails, these are as follows:

nursery@angrambank.co.uk

FS2@angrambank.co.uk

KS1@angrambank.co.uk

LKS2@angrambank.co.uk

UKS2@angrambank.co.uk

We continue to value the relationships between school and our families and know that together we can work in partnership to have the best interests of all of our children at heart.

Yours sincerely

Andrea Carr
Headteacher
