

A Welcome from the Headteacher

I am delighted to welcome you to our website.

Whether you are already part of our school community or visiting our website for the first time, I hope it gives you a real sense of what makes Angram Bank such a special place.

At Angram Bank, we believe every child should feel happy, safe and valued. Our motto, 'Where Learning, Fun and Friendship Meet,' reflects what we want every child to experience each day. We want children to enjoy coming to school, develop a love of learning and leave us with the confidence, knowledge and skills they need for the future.

As both a Headteacher and the parent of two young children, I understand how important it is for families to know their children are happy, safe and well cared for. Building positive relationships with children and their families is something I care deeply about, and I believe that when home and school work together, children thrive.

I feel incredibly proud to lead such a dedicated and caring team of staff who work hard every day to provide the very best opportunities for our children. We have high expectations for every child, but we also recognise that every child is unique. We celebrate individuality, encourage curiosity and resilience, and create an environment where children feel confident to challenge themselves, make mistakes and achieve their very best.

One of the things I love most about Angram Bank is its strong sense of community. It is a school where children are known as individuals, relationships matter and everyone is encouraged to do their best. It is a place where learning is exciting, friendships are nurtured and every child is given the opportunity to thrive.

Our website provides a glimpse into life at Angram Bank, but the best way to experience our school is by coming to see it for yourself. If you are considering Angram Bank for your child, or would simply like to find out more, I would be delighted to welcome you for a visit. Please contact the school office to arrange a tour- we would love to show you around, answer any questions you may have and give you the opportunity to experience everything that makes our school so special.

Bethan Arthur
